I could not have been anymore satisfied with  
Dr. Reames & his staff. Dr. <sup>Reames</sup> answered all my questions,  
& so did his staff. If I ever need surgery again,  
I would not hesitate to call Dr. Reames, he told  
me what would happen after surgery, how much  
pain I would be in & how long it would last. He took  
care of my pain & now I am pain free. Thanks to  
Dr. Reames & his staff I feel really good!
